# Mythos Water Hub 6in1 Electronic StSteel | 160.0709.049

Introducing the innovative Mythos 6-in-1 Water Hub in sleek Stainless Steel, delivering cold and hot water alongside four advanced filtered water functions. Designed for premium performance and everyday convenience, it combines cutting-edge technology with a streamlined, space-saving solution. Additional performance features include: Four filtered water functions including instant boiling, chilled, ambient and sparkling water for complete versatility. | Built-in RFID filter replacement reminder ensures optimal performance and hassle-free maintenance. | Advanced Pro-M Connect filter with ion exchange resin improves water taste and helps protect the system from limescale and mineral build-up, supporting long-term efficiency and reliability. | Smart app connectivity allows users to personalise settings and tailor their water experience. | Electronic LED handle clearly indicates the four filtered water functions for intuitive, easy use. | All-in-one box solution houses the boiler, chiller, CO2 bottle and filter, simplifying installation and saving space. | You can be reassured that all our Water Hub models are approved for use with all Franke sinks - Stainless Steel, Fragranite, Tectonite or Ceramic.

## Product Information

| | |
|---|---|
| Version | Swivel spout |
| Colour | Stainless steel |
| Finish | Stainless steel |
| Handle operation | 0/90 |
| Type of material | Stainless steel 304 |
| Spout version | J - spout |
| Tap rotation | 180° |
| Tap operation | Side lever |
| Filter max life (litres) | 1700.0 |
| Filter max life (months) | 12.0 |
| Filter performance | Limescale |
| Filter performance | Microplastics |
| Filter performance | Pesticides |
| Filter performance | Hormones |
| Filter performance | Pharmaceuticals |
| Filter performance | Rust and sediments |
| Filter performance | Odour |
| Filter performance | Chlorine |
| Filter performance | Heavy metals |
| Filter performance | PFAS |

## Dimensions

| | |
|---|---|
| Tap height | 437.0 |
| Water supply hose length | 700 mm |
| Device width | 200.0 |
| Device height | 440.0 |
| Device depth | 525.0 |
| Cartridge dimension | 40 mm |
| Water supply hose connection | 3/8" |
| **Energy specifications** | |
| (Re)heat time boiler | 15 minutes |
| Cool down time chiller | 8 minutes |
| Eco water saving | No |
| Energy label | A |
| Max power consumption | 1725.0 |
| Voltage | 220-240 V |
| **Installation** | |
| Fixation type | Shank |
| Tap hole diameter | 35 mm |
| **Product Identification** | |
| Product brand | FRANKE |
| Product family | Mythos |
| Model range | Mythos Water Hub |
| **Properties** | |
| Type of multifunctional system | Electronic All in 1 |
| Tank material | Heating tank-stainless steel |
| Type of operation | electronic |
| Pressure | High pressure |
| Type filtration | Active carbon |
| Type of aerator | Aerated |
| Filtered ambient water | yes |
| Filtered boiling water | yes |
| Filtered chilled water | yes |
| Sparkling filtered water | yes |
| Filter included | yes |
| CO2 cylinder included | yes |
| Sparkling intensity | configurable via app |
| Franke Home APP connection | yes |
| Filtered water flowrate @3bars | 2.0 |
| Boiling water capacity | 4.0 |
| Boiling water flow rate | 2.0 |
| Chilled water capacity | 2.2 |
| Chilled water flow rate | 2.0 |
| Chiller + Carbonator capacity | 2.8 |
| Sparkling water capacity | 0.6 |
| Sparkling water flow rate | 2.0 |
| Mix water flow rate | 7.4 |
